Login Features

- Fast Login allows you to login without entering your home phone number – from the Main Menu select Option 4 “Settings” then Option 3 “Security” and Option 2 “Fast Login”
- Skip PIN allows you to login without entering your PIN – from the Main Menu select Option 4 “Settings” then Option 3 “Security” followed by Option 3 “Skip PIN”

Hands Free/Time Saver Options – From the Main Menu, press 4 “Mail Box Settings” then 2.

- (1) Autoplay – when enabled the system will automatically play messages at login without listing the Main Menu options first.
- (2) Urgent Message Autoplay – Will automatically play messages marked as urgent when you log in.
- (3) Message Preferences – Manage the way your messages play. Disable the message information, or header, to only hear the body of each message.
